Madhya Pradesh. In the petition it is stated that they would sell the power so generated, to the Respondent No. 1 at the tariff rate determined by the Commission in Clause 11.2 of the order dated 14.05.2010 or at any other rate, which the Commission may decide.

5. The Petitioner has submitted that they have developed facility for evacuation of electricity from point of generation to the nearest 132/33 KV Sailana substation of MPPTCL as per the specification of the Respondent No. 2 at their own cost. The Applicant Company and the same developer is establishing wind farm at Palsodi, District Ratlam. The Applicant Company is able to transmit the electricity so generated from the point of generation to the point of nearest 132/33 KV at Sailana substation of the MPPTCL in terms of Clause 13 of the Government of M.P. Policy dated 17th October, 2006. The Petitioner has further submitted that the 10x600 KW WEGs at Palsodi is planned to be commissioned before 31st March, 2011.

6. The Petitioner has prayed as under:

- (a) Permission may be granted for evacuation of power generated by 10x600 KW WEGs at Palsodi, by extending the existing 33 KV network. Thus partial utilization at Sailana of PE network will be done.
- (b) That the Respondents may kindly be directed to allow commissioning of these machines by 31st March 2011.
- (c) That the Respondent No. 1 may kindly be directed to initiate process of execution of Power Purchase Agreement simultaneously with the commissioning process of WEGs to avoid delay. The Respondent No. 1 may also be directed to make the agreement effective from the date of commissioning of the WEGs.
- (d) That the Respondent No. 1 may also be directed to purchase the power so generated by 10 WEGs of the applicant at the rate as decided by the Commission from time to time in their tariff order.

7. The case was listed for hearing on 02.02.2011.

8. During the hearing, the Petitioner made a request to grant permission to sell the power generated from 10x600 KW WEGs to the Respondent No. 1 at the tariff rates determined by the Commission vide Order dated 14.05.2010.

9. During the hearing, the representative of the Respondent No. 2 made written submission that they have no objection to granting of permission by the Commission to the Petitioner.

10. The representative of Respondent No.1 made submission that the Commission has already notified Regulations for procurement of power from renewable sources of energy vide notification dated 19.11.2010. The Commission has also issued tariff Order on 14.05.2010 wherein the rates, terms and conditions for procurement of power has been specified. There is no specific provision in the said Regulation that the Commission may direct the Respondent to enter into Power Purchase Agreement (PPA) with any particular power generator / developer. As such the WEGs owner i.e. the Petitioner should have approached the Respondent No.1 with proposal for sale of power from their WEGs. The WEGs Company should also indicate broad parameters of Company, equipments, etc. as required for sale of power. In the instant case, the Petitioner has not approached the Respondent No.1 for sale of power.

11. The representative of the Petitioner made a submission that the petition was filed as per the procedure being followed by the Commission so far.

12. The Commission noted that the tariff order provides rates and other terms & conditions. The order does not have any specific provision to direct the Respondent No.1 as provided in the Regulations. However, as per Clause 6.2 of the Regulations, the Developers are required to get all the required statutory consents including permission from the Commission before entering PPA. The procedure of getting permission from the Commission was being followed to avoid the delay in execution of PPA, commissioning of WEGs, etc. The Commission further observed that the Respondents are under obligation to procure electricity from renewable sources for which tariff and other requirements for execution of PPA are in place.

13. On hearing the Petitioner and the Respondents, the Commission directs to follow the existing procedure till the Commission decides a new procedure. The Commission also directs that WEGs Companies/Developers are not required to indicate financial tie-up, technology used, etc. to Respondent No.1 before execution of PPA. Accordingly, the Commission grants
