Petition No. 72/2004

IN THE MATTER OF PERMISSION FOR ESTABLISHMENT OF WEG UPTO 1.25 MW CAPACITY AND FOR WHEELING OF POWER THROUGH THE LINES OF MPSEB.

M/s General Foods Limited, 101, Mahakosh House, South Rukoganj, Indore (M.P.)	-	Petitioner
V/s M.P.State Electricity Board	-	Respondent

ORDER

(Passed on this day 19th October, 2004)

Shri B.K.Dubey, Advocate appears for the petitioner.

Shri C.K.Dixit, Additional S.E. appears for the Respondent Board.

2. The petition is in the matter of establishment of WEG, for captive consumption, and for wheeling of power to be generated from Wind Electric Generator (WEG) upto 1.25 MW.

3. During the last hearing Commission directed the Board that a philosophy paper be submitted. This philosophy paper has been submitted provisionally before the Commission and shall be submitted finally after Board's approval with modification based on the approval of the Board. Commission allows time to the petitioner to submit its comment on the next date.

4. As the representative of the Board today submitted the philosophy paper provisionally without obtaining Board's approval, Commission directs the Board to submit a separate petition alongwith the philosophy paper approved by the Board within a month, so that wheeling charges could be decided finally.

5. During the hearing the Commission queried as to why the charges are not being calculated on the basis of distance, and what is the logic to distribute the wheeling charges between the three Discoms.

6. Commission heard both the parties. The permission is granted for sale of surplus power to third party, identified as Param Industries Ltd., Ruchi Strip and Alloys Ltd through Board's grid for a period of five years from the date of order at the existing rate of 2% wheeling charges to be paid by the petitioner till its revision by the Commission and 4% of wheeling charges to be borne by State Government. It is also directed that no additional charge or surcharge is payable by the third party to the Board at present. Commission also directs that if any energy of the petitioner inadvertently flows into MPSEB's system the payment may be made @ Rs.2.25 per unit till the disposal of review petition (No. 104/01) which is pending before the Commission. This order is subject to other following conditions:-

- i) The technical and other commercial matters should be settled between the Board and the petitioner.
- ii) The supply and sale of power shall be governed by the policy of the State Government and other provisions of law to be made applicable from time to time and also as per terms and conditions of the PPA executed by the petitioner with the MPSEB.
- iii) The petitioner shall comply with the provisions of the Madhya Pradesh Vidyut Sudhar Adhiniyam 2000, and other laws applicable, the Regulation of the Commission, Technical Codes, Standards of Performance or any other guidelines issued by the Commission from time to time.
- iv) The petitioner shall furnish to the Commission such information required for the purpose of the discharge of the functions of the Commission, as the Commission may require from time to time.

- v) The Commission shall be entitled to impose any other conditions as the Commission considers appropriate from time to time, including the terms of revocation or modification of the approval.
